Software developer with 1.5 years of experience specializing in front-end development. Proficient in React.js, React Native, and JavaScript, with a strong focus on building scalable, responsive, and visually engaging web and mobile applications.

Education

Sasi Institute Of Technology And Engineering
B.Tech in Information Technology

Tadepalligudem, India
Aug 2019 – May 2023

Work Experience

La Trandasys

Software Engineer Trainee

Visakhapatnam, India

Oct 2024 – present

- Developed and maintained a financial data mobile application for U.S.-based companies using React Native.
- Implemented key financial features including displaying income statements, balance sheets, cash flow statements, dividend details, and company ratios.
- Built interactive candlestick and line charts with support for day-wise, weekly, monthly, and yearly views.
- Integrated real-time news features, delivering both company-specific and general market news.
- Implemented OAuth authentication with Google, Facebook, and email/password login options to enhance security and user experience.
- Collaborated closely with cross-functional teams to deliver pixel-perfect, responsive, and scalable mobile solutions.

Mantra Technologies

Software Engineer Trainee [\[Live Site\]](#)

Hyderabad, India

Feb 2024 – Sep 2024

- Developed and maintained React JS web applications, collaborating closely with the backend team to integrate front-end components with server-side APIs.
- Participated in debugging and troubleshooting issues reported by testers, ensuring quick resolution and high-quality product delivery.
- Utilized tools like Postman and Swagger to test and verify API endpoints, contributing to seamless backend and frontend integration.

Projects

Bus Ticket Booking | JavaScript, TailwindCSS, MySQL, Spring Boot

[Link](#) 

- Built a full-stack application that allows users to seamlessly select seats, book bus tickets, and process payments, ensuring a smooth and user-friendly experience.

Daily News | React JS, RESTful API

[Link](#) 

- Developed a news application that provides users with real-time news updates, focusing on speed and accessibility.

Technical Skills

Programming Languages: Java, JavaScript, HTML, CSS

Frameworks & Libraries: React.js, React Native, Redux, Spring Boot, Jest

Core: Data Structures & Algorithms, SQL and NoSQL Databases, Object-Oriented Programming (OOP)

Tools & Platforms: GitHub, Docker, Swagger, Postman, OAuth

Soft Skills: Time Management, Teamwork

Achievements

Solved 200+ Leetcode problems | *Profile :* [Leetcode](#)
